It does not apply to information collected by:

- Any third party, including through any application or content (including advertising) that may link to or be accessible from or through the Services.

We may provide additional or different privacy policies that are specific to certain features, services, or activities.

The Services may allow you to interact with FedEx's web-based services (the "FedEx Services"). To enable such interaction, the Services may coordinate your use of your FedEx account to log in to the FedEx Services. However, the collection and use of your personal information by FedEx via the FedEx Services is governed by the terms governing your FedEx account, including the applicable FedEx privacy policy.

Please read this Policy carefully to understand our policies and practices regarding your information and how we treat it. By interacting with our Services or providing us with your information, you agree to the collection, use, and sharing of your information as described in this Policy. This Policy may change from time to time (see [Changes to Our Privacy Policy](#)). Your continued use of the Services after we make changes as described here is deemed to be acceptance of those changes, so please check the Policy periodically for updates.

## **Your Rights and Choices About Your Information**

This section describes mechanisms you can use to control certain uses and disclosures of your information and rights you may have under state law, depending on where you live.

### **Advertising, marketing, cookies, and other tracking technologies choices:**

- **Cookies and Other Tracking Technologies.** You can set your browser to refuse all or some browser cookies or other tracking technology files, or to alert you when these files are being sent. You can choose whether or not to allow the Services to collect information through other tracking technologies through your device, browser, or application settings. If you disable or refuse cookies or similar tracking files, some Services features may be inaccessible or not function properly. Some browsers include a "Do Not Track" (DNT) setting that can send a signal to the online services you visit indicating you do not wish to be tracked. Because there is not a common understanding of how to interpret the DNT signal, our Services may not respond to all browser DNT signals. Instead, you can use the range of other tools to control data collection and use, including the cookie controls and advertising controls described in this Policy.

### **Location data choices:**

- **Location Data.** You can choose whether or not to allow the Services to collect and use real-time information about your device's location through the device's privacy settings. If you block the use of location information, some Services features may become inaccessible or not function properly.

## **Your State Privacy Rights**

Depending on your state of residency, you may have certain rights related to your personal data, including:

- **Access and Data Portability.** You may confirm whether we process your personal data and access a copy of the personal data we process. To the extent feasible and required by state law, depending on your state, data will be provided in a portable format. Depending on your state, you may have the right to receive additional information and it will be included in the response to your access request.
- **Correction.** You may request that we correct inaccuracies in your personal data that we maintain, taking into account the information's nature and processing purpose.
- **Deletion.** You may request that we delete personal data about you that we maintain, subject to certain exception under applicable law.
- **Opt Out of Using Personal Data for Targeted Advertising, Profiling, and Sales.** You may request that we do not use your personal data for these purposes. However, please know we do not currently use your personal data for targeted advertising, profiling, or marketing purposes.

**Important:** The exact scope of these rights vary by state. There are also several exceptions where we may not have an obligation to fulfill your request.

To exercise any of these rights, please email your request to [support@flyingbytes.org](mailto:support@flyingbytes.org). If we are unable to fulfill your request to exercise one of your privacy rights, you may appeal our decision by following the instructions provided in our response. We will review your appeal and respond within the time required by applicable law. If you remain unsatisfied, you may contact your state Attorney General to submit a complaint.

Some browsers and browser extensions support the Global Privacy Control (“GPC”) that can send a signal to process your request to opt out from certain types of data processing, including data "sales" as defined under certain laws. When we detect such a signal, we will make reasonable efforts to respect your choices indicated by a GPC setting as required by applicable law.

Nevada provides its residents with a limited right to opt out of certain personal data sales. Residents who wish to exercise their sale opt-out rights may submit a request to this designated address: [Support@flyingbytes.org](mailto:Support@flyingbytes.org). However, please know we do not currently sell data triggering that statute's opt-out requirements.

### **How We Protect Your Personal Data**

We use commercially reasonable administrative, physical, and technical measures designed to protect your personal data from accidental loss or destruction and from unauthorized access, use, alteration, and disclosure. However, no website, mobile application, system, electronic storage, or online service is completely secure, and we cannot guarantee the security of your personal data transmitted to, through, using, or in connection with the Services. In particular, email, texts, and chats sent to or from the Services may not be secure, and you should carefully decide what information you send to us via such communications channels. Any transmission of personal data is at your own risk.

The safety and security of your information also depends on you. You are responsible for taking steps to protect your personal data against unauthorized use, disclosure, and access, which include without limitation, taking the same precautions you would use when logging in directly to your FedEx Account.

### **How We Retain Your Personal Data**

We keep the categories of personal data described in this Policy for as long as reasonably necessary to fulfill the purposes described or for as otherwise legally permitted or required, such as maintaining the Services, operating our organization, complying with our legal obligations, resolving disputes, and for safety, security, and fraud prevention. This means that we consider our legal and business obligations, potential risks of harm, and nature of the information when deciding how long to retain personal data. At the end of the retention period, personal data will be deleted, destroyed, or deidentified.

### **Changes to Our Privacy Policy**

We may update this Policy from time to time, and we will provide notice of any such changes to the Policy as required by law. The date the Policy was last updated is identified at the top of the page. We will notify you of changes to this Policy by updating the "last updated" date and posting the updated Policy on the Services. We may email or otherwise communicate reminders about this Policy, but you should check our Services periodically to see the current Policy and any changes we have made to it.
